

## Introducing the PowerLite and the Mini TaskLite

### PowerLite

The PowerLite is a versatile assembly that combines 110V Low Energy Lighting with Power Distribution. The PowerLite is free standing but can also be mounted on to a sturdy tripod. The assembly is rated at IP44 and is suitable for indoor or outdoor applications.

The light source is provided by 3 no. cool running 24W PL compact fluorescent lamps and the power distribution is via 3 no. 16A 3P 110V socket outlets to BS EN 60309-2. The supply into the assembly is via a 5 metre input lead of 1.5mm<sup>2</sup> HO7 RN-F cable complete with a 16A 3P 110V plug to BS EN 60309-2.

The Part Number for the PowerLite is S060198.

PowerLite - Part Number S060198

### Mini TaskLite

The Mini TaskLite is a lightweight, portable, 110V, low energy luminaire that provides a safe, low heat, low glare source of light from a 38W compact fluorescent 2D tube. The Mini TaskLite is free standing and comes complete with a carry handle. The assembly is rated at IP44 and is suitable for indoor or outdoor applications.

The supply into the assembly is via a 2 metre input lead of 1.5mm<sup>2</sup> yellow flexible cable complete with a 16A 3P 110V plug to BS EN 60309-2.

The Part Number for the Mini TaskLite is S060091.
