

WEEE Directive

The WEEE Directive came into effect on July 1st 2007. Blakley Electrics Limited manufactures and distributes a wide range of electrical and lighting products. The products within our range that are affected by the WEEE Directive are: Fluorescent Fittings; Fluorescent Tubes; Portable Fluorescent Lights; Cellbrite Rechargeable Lights; Discharge Floodlights; Discharge Lamps.

Distributed Products

Listed below are the product types that we distribute only and responsibility for recycling rests with the Producers. If you have any of these products that are at the end of their life and require disposal, please contact the Producer directly. The products are marked with the Producers' names.

Fluorescent Fittings and Tubes

Discharge Floodlights and Lamps

Blakley Products

Shown below are products that we manufacture, import or brand. We have responsibility for recycling and we are registered as an EEE producer. Our producer registration number is WEE/HC0061TU and our recycling scheme is run by Electrolink. If you have any of these products that are at the end of their life and require disposal, please contact our Crayford or Wakefield Customer Service Centre.

PowerLite

WorkLite

CellBrite
Rechargeable
Lights

HandyLite

MaxiLite

MegaLite

BeaconLite

TaskLite, 2' and 5'

The cost of recycling will be built into the selling price of affected products. From August 1st 2007 the cost of loose luminaires and products that incorporate a luminaire will increase by 20p. Products that incorporate a lamp or tube will increase by an additional 15p per lamp or tube incorporated. The cost of loose lamps and tubes will also increase by 15p. Please contact us about the disposal of Historic WEEE i.e. that supplied prior to August 13th 2005, where different arrangements apply.
