

Portable Low Energy Lighting

A range of 110 Volt lighting assemblies designed to provide safe, low energy, low heat site lighting.

↓ **Spikelite** designed for Railway Line, Kerb and Perimeter lighting applications. Comprising of a mast adjustable from 2M to 3M c/w a twin 18W IP65 luminaire mounted on a removable section to ease transportation. The mast mounts in a Ground Spike or a floor standing Basket Base.

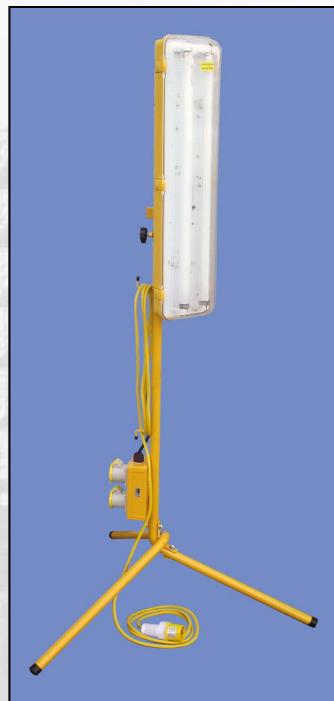

Part No.	Description
S060467	Spikelite c/w 16A thru' socket, 14M 2.5mm ² cable + 16A plug
S060465	Ground Spike, Heavy Duty, accepts Spikelite mast
S060468	Basket Base

↓ **Tasklite 5' and 2'** general purpose indoor or outdoor tripod light c/w sockets to

Part No.	Description
S060496D	5' Tube, 2 x 16A sockets, fully assembled
S060765	As above but flat packed
S060065D	As S060496D + 3hr Emergency battery pack
S060792	As S060065D but flat packed
S060354D	Twin 2', 2 x 16A sockets, fully assembled
S060766	As above but flat packed
S060052D	As S060354D + 3hr Emergency battery pack
S060793	As S060052D but flat packed

↓ **Multilite** Floor stand, 2x18W tubes, 2x16A thru' sockets

PowerLite and Mini TaskLite

PowerLite

The PowerLite is a versatile assembly that combines 110V Low Energy Lighting with Power Distribution. The PowerLite is free standing but can also be mounted on to a sturdy tripod. The assembly is rated at IP44 and is suitable for indoor or outdoor applications. The light source is provided by 3 no. cool running 24W PL compact fluorescent lamps and the power distribution is via 3 no. 16A 3P 110V socket outlets to BS EN 60309-2. The supply into the assembly is via a 5 metre input lead of 1.5mm² HO7 RN-F cable complete with a 16A 3P 110V plug to BS EN 60309-2.

PowerLite - Part No. S060198

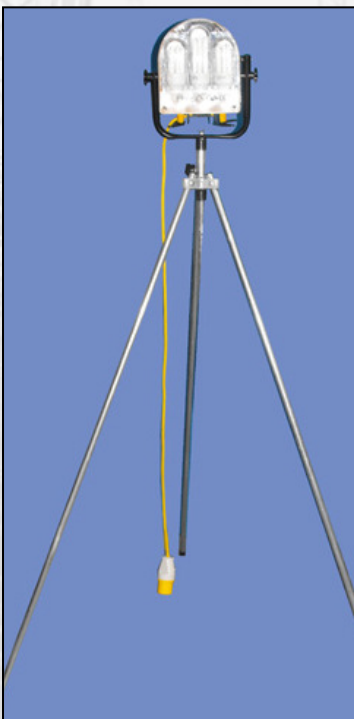

Mini TaskLite

The Mini TaskLite is a lightweight, portable, 110V, low energy luminaire that provides a safe, low heat, low glare source of light from a 38W compact fluorescent 2D tube. The Mini TaskLite is free standing and comes complete with a carry handle. The assembly is rated at IP44 and is suitable for indoor or outdoor applications. The supply into the assembly is via a 2 metre input lead of 1.5mm² yellow flexible cable complete with a 16A 3P 110V plug to BS EN 60309-2.

Mini TaskLite - Part No. S060091

Introducing the TripleLight and SpiraLite

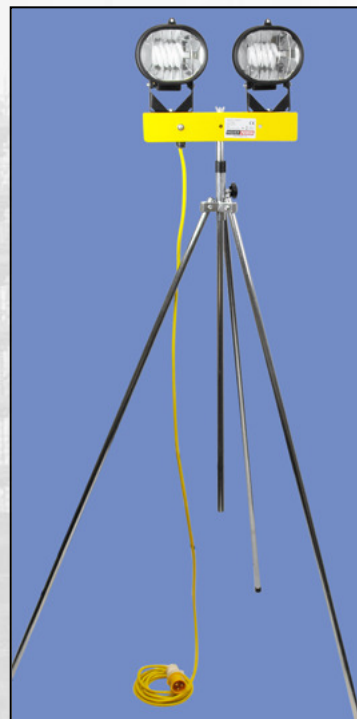

TripleLight + Tripod
Part No. S060706 + S210018

The **TripleLight** is a versatile lighting assembly that combines 110V low energy lighting with power distribution. It is available for tripod mounting or as hand portable.

For further information see data sheet HPDS30.

Portable TripleLight
Part No. S060705

Twin SpiraLite + Tripod
Part No. S060753 + S210018

The **SpiraLite** is a compact 110V low energy site lighting assembly, incorporating a bespoke 36 watt, 110V, spiral compact fluorescent. It is available in single and twin head versions.

For further information see data sheet HPDS33.
