

Recasing Service

From this

or

this

to this!

Although we can't guarantee the life of recased transformer windings, we can vouch that they comply with the Wiring Regulations (pre-1998 Site Transformers are very unlikely to comply).

Recasing is environmentally friendly and, with the price of copper soaring to peak levels, it is usually an economic option, subject to quantity, location, etc. Please contact our Customer Service Centres for an up to date quotation.
