

Bulkhead Lights 110V

As part of our growing range of GreenPower Low Energy products, Sites can now significantly reduce the energy consumed to illuminate hoardings and scaffolding through our cost effective range of Low Energy Bulkhead Lights.

Standard Bulkheads

An economically priced range of Class 1, metal bodied bulkheads available with Clear or Red polycarbonate covers. Fitted with a BC lampholder which accepts a Low Energy 13W 110V Compact Fluorescent Lamp (CFL). A robust metal guard and scaffold bracket are also available.

2D Bulkheads

A competitively priced range of insulated bulkhead lights available with Clear or Red polycarbonate covers. Supplied with a 16W 2D lamp, suitable for 110V operation. A robust metal guard is also available. 28W versions can also be supplied.

Emergency Bulkhead

A 110V Emergency bulkhead with integral 3 hour Maintained battery pack. All insulated construction with Clear polycarbonate cover.

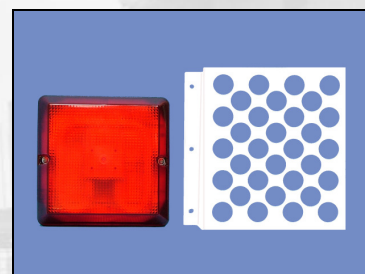

Standard Bulkheads, BC, Metal Body Polycarbonate cover

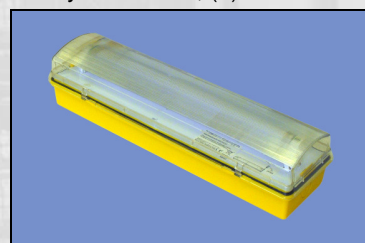

Compact Fluorescent Lamp, 13W, 110V BC - Fits Standard Bulkhead (ES CFL also available)
