

## Distribution Assemblies, 110V

Blakley Electrics manufacture a range of portable 110 Volt Distribution Assemblies in accordance with BS 4363:1998. IOA series models are housed in GRP enclosures and EOAs and SOAs in steel enclosures.

IOA and EOA models are basic splitters and do not incorporate MCB protection. The current rating of the supply plug is the same as the distribution sockets i.e. 1 x 16A IN and 4 x 16A OUT or 1 x 32A IN and 4 x 32A OUT.

SOA models incorporate MCB protection. They plug-in to a 32A supply socket and are fitted with 16A sockets, which are protected in pairs by 16A DP MCBs; with the option of a 32A thru' socket.

S050154 - EOA/S4/2.5/14/16

Type	Part No	Specification
IOA/S4/2.5/14/16 (GRP body)	S050012D	4 x 16A sockets + 14m 2.5mm <sup>2</sup> + 16A plug
EOA/S4/2.5/14/16	S050154	4 x 16A sockets + 14m 2.5mm <sup>2</sup> + 16A plug
EOA/S4-32	S201029	4 x 32A sockets no cable fitted
EOA/S4-32/14/32	S201030	4 x 32A sockets + 14m 4mm <sup>2</sup> + 32A plug
SOA/S4	S201010	4 x 16A sockets no cable fitted
SOA/S4/4	S201011	4 x 16A sockets + 14m 4mm <sup>2</sup> + 32A plug
SOA/S4-1	S201012	4 x 16A sockets + 1 x 32A thru' socket no cable fitted
SOA/S4-1/4	S201013	4 x 16A sockets, 1 x 32A thru' socket + 14m 4mm <sup>2</sup> + 32A plug
SOA/S6	S201008	6 x 16A sockets no cable fitted
SOA/S6/4	S201014	6 x 16A sockets + 14m 4mm <sup>2</sup> + 32A plug
SOA/S6-1	S201015	6 x 16A sockets, 1 x 32A thru' socket no cable fitted
SOA/S6-1/4	S201016	6 x 16A sockets, 1 x 32A thru' socket + 14m 4mm <sup>2</sup> + 32A plug

S201030 - EOA/S4-32/14/32

S201014 - SOA/S6/4  
4 x 16A sockets fitted to enclosure rear
